 LIGHTNING

She was a Newfie, grown up

The lab where she worked, the atmospheric
science institute on Knobhill, until

its steelworks tower visible even
from here, was ~~the~~ ~~the~~ ~~the~~ ~~the~~ ~~the~~

lightning to a head. She rode
on, thinking of that night when she

SMOKING KILLS THE LITTLE Froggies

Staying @ Zeeburg Campings
with goats & other stuff.
Lots of pot smoking around, right
on the searide (zee) with
a huge ~~the~~ highway bridge
so I can hear the time
sounds transitioning to the
higher pitch at the bridge
asphalt & back to the
lower pitch all night long. & the
bridge is pretty.

Apple juice (appelsap) and
Benson & Hedges for breakfast. Lots
of germs around

Little tuft,
on the wind.

GERMANY

So, we ~~hitchhiked~~ yesterday and made it as far as Münster (about 1/2 of the way). The town is really nice - it's got a ring of parkland surrounding the central part of the city, and connecting to a larger park with a lake. With a little help

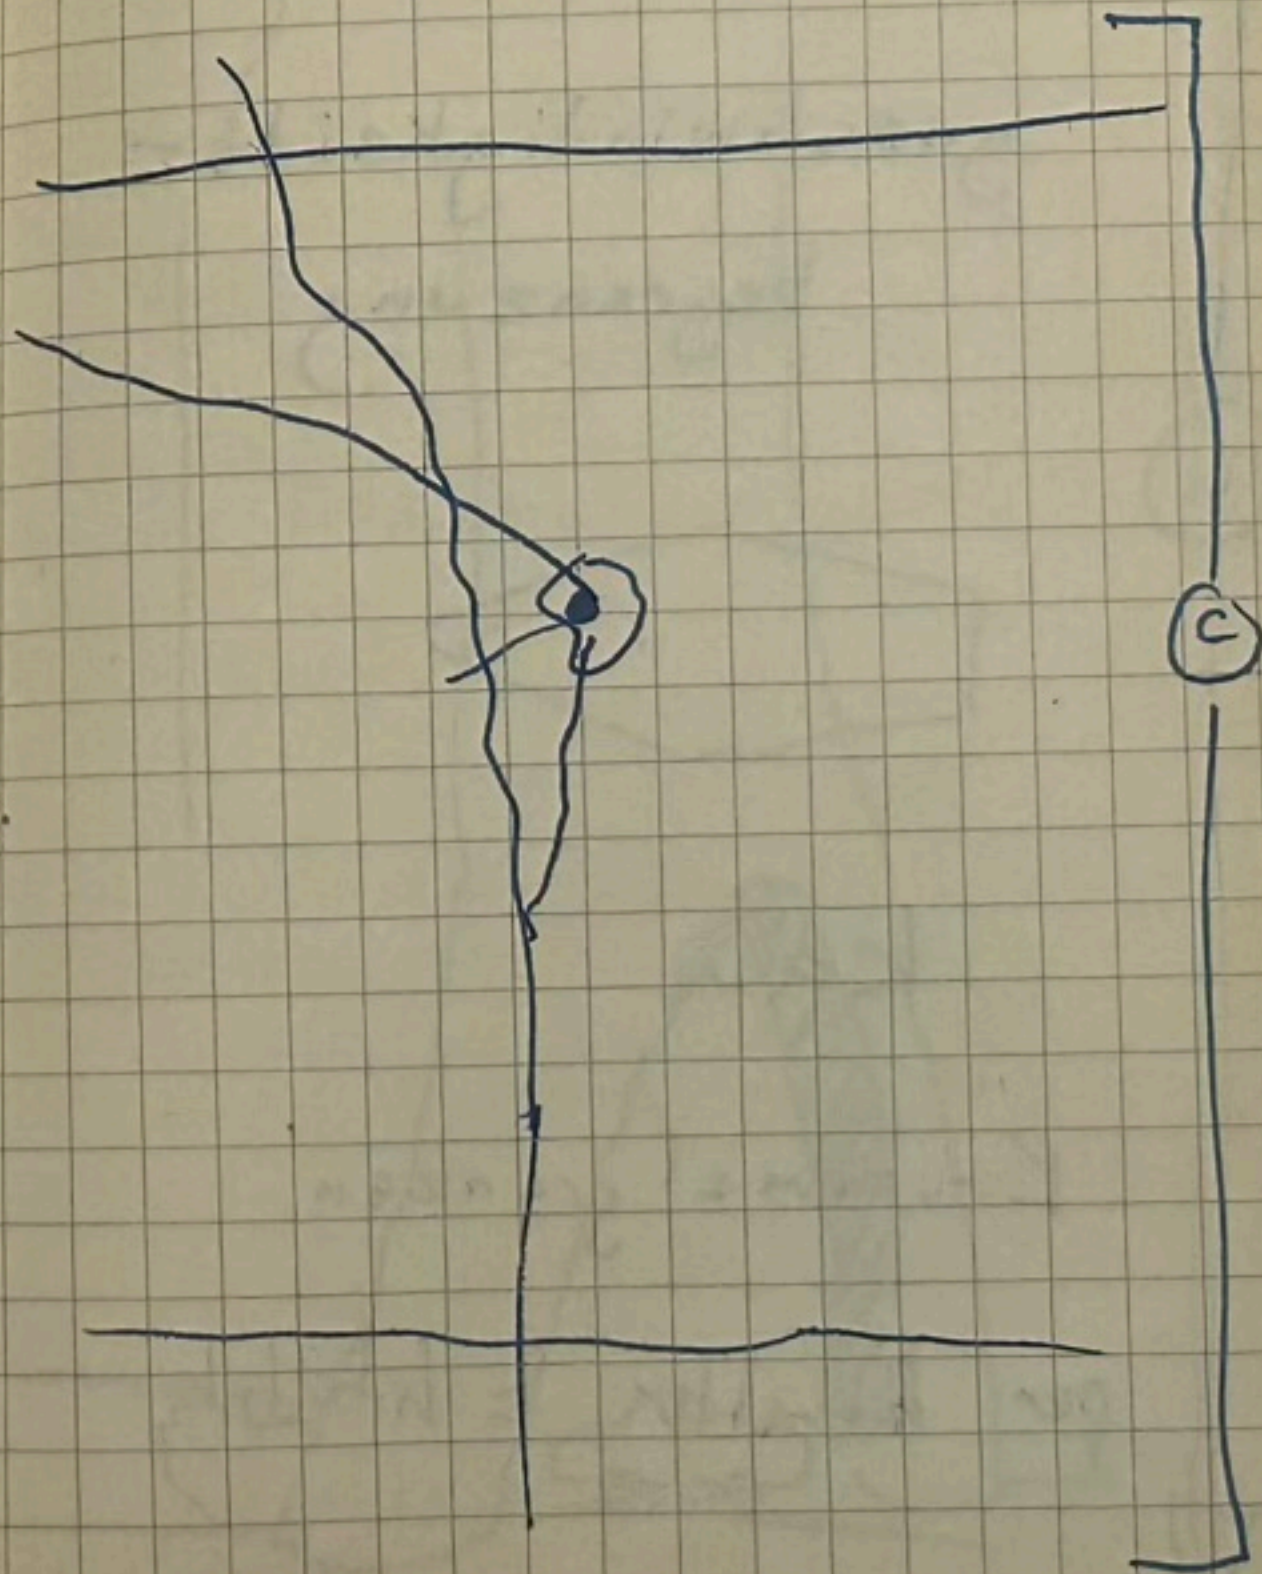

"Jugend" and "Juden"
 are easy to confuse (for me).
 We've got a bunch of
 kids staying here too
 and we're almost out of
 money!!

~~Now we're in Dresden~~

Now, we're in Dresden,
after a long drive from
Magdeburg. I could spend
3 ~~hours~~ hours talking in
German with Alexander for
driving ~~but~~ but we ^{it's}
sufficient talking with Antje
in ~~German~~ English. Had some time 58

with Auntie ~~on the~~ in the
staircase, smoking a cigarette &
talking. It was
to have a ~~fun~~ day
I ran Auntie — so many
years we ~~to~~ have been
each other.

~~I have been thinking of you
 for a long time and wondering
 how you are getting on. I
 hope you are well and happy.~~
